EPISODE 2

How to use **FRAX** in clinical practice

In this webinar, you'll gain a comprehensive understanding of fracture risk assessment using FRAX, a powerful tool in clinical practice.

Prof Celia Gregson has valuable local insights as she participates in Sub-Saharan clinical training and research on musculoskeletal disorders.

This webinar will highlight fracture risk threshold, the caveats inherent in FRAX and emphasise the indispensable role of clinical judgment in its interpretation, as well as the development of effective patient communication skills.

SPEAKER

Professor Celia Gregson

Professor of Clinical Epidemiology and
Consultant Geriatrician, University of Bristol,
England, United Kingdom

MODERATOR

Professor Bilkish Cassim

Associate Professor and Head, Department of Geriatrics,
University of Kwazulu-Natal,
KZN, South Africa
