Clinical management of PsA and AS

EARN 1 CEU

A multidisciplinary approach to innovation

WEDNESDAY

25 SEPTEMBER 2024

18:00 TO 19:00

This comprehensive webinar covers both Psoriatic Arthritis (PsA) and Ankylosing Spondylitis (AS), providing a thorough examination of their pathophysiology, clinical presentation, diagnosis, and treatment options, including the use of biologic therapy. Emphasising early detection and comprehensive management strategies, the webinar aims to improve outcomes and quality of life for patients with PsA and AS. It underscores the importance of multidisciplinary care and regular disease monitoring to effectively address the complex challenges associated with these conditions and enhance long-term prognosis and patient well-being.
