

SWITCHING FROM A HUMAN INSULIN TO AN INSULIN ANALOGUE

in Conversation
SPOTLIGHT ON

PEOPLE LIVING WITH DIABETES

Thursday 07 August 2025

1:00PM - 1:30PM [SAST]

People with diabetes mellitus (PWD) may be managed with insulin therapy as part of their treatment regimen. However, it may become necessary to switch from human insulin to analogue insulin due to clinical indications or changes in availability and access to their current insulin.
